

**Synchronicity Education offers a variety of resources and experiences for schools, instructors, and participants ages 3-18.**

 **AFTER SCHOOL ENRICHMENT** programs nurture creativity, confidence, and collaboration through age-appropriate experiences: imaginative storytelling and movement for early learners, character creation and ensemble play for elementary students, and skill-building for middle schoolers.

 We partner with curriculum coordinators to design ELA-standards-aligned **WORKSHOPS** and **RESIDENCIES** led by our dynamic and knowledgeable teaching artists, inviting students to think outside the box and activate their own writing.

 Our annual **EDUCATION WEEK** celebration of arts education features guest speakers, behind-the-scenes access to our mainstage production, and hands-on sessions where educators can explore practical strategies for bringing the arts into everyday learning.
